COURT UPDATES

CLAY COURT SAND

Last week, our clay courts underwent essential maintenance with re-sanding. In the coming weeks, they may feel a bit sandy, but rest assured, the sand will settle, and they'll play even better. A friendly reminder to sweep the clay courts after each use to prevent build-up and extend their overall lifespan. We now have shiny new scrapers to make this task easier.

TREE CUTTING

As you may have noticed, we had to remove several hedges, causing distraction from headlights on courts 9, 10, 11. We are actively addressing this issue with the installation of windbreakers. If you're interested in sponsoring one, please contact Luke for more information. We apologize for any inconvenience.

DOUBLE COURT BOOKINGS

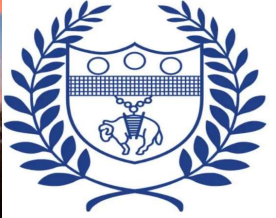

We are seeing a growing number of members booking consecutive court sessions. Unfortunately, MyCourts cannot prevent you from doing this. Double court bookings are preventing people from being able to play. We ask that members please adhere to the MyCourts booking rules to allow all members an equal opportunity to get on court.
